How can the curriculum be improved for the future professional growth of the pupil teachers?	By Students participation	By consultation of all stakeholders		Na		More methodologies can be added also training for online teaching should be added so that it can be more effective. Class time management can be a part of curriculum. How to use NCERT books effectively by teachers. It can be the part of curriculum?	By linking curriculum with real life experiences of students
Please give your suggestions for improvement of teaching learning process on the basis of your experiences		Constructivist approach can be very helpful		Na		1 teacher should make feel his/her students that every student is important for me 2 students generally imitate their teachers so if we want to instil some good strategies among students teacher should first adopt it in his/her behavior	More interaction and discussions should be held in to enhance teaching learning process. It should not be just confined to textbooks
Would you recommend your near and dear ones to join this institution for academics?	Yes, Definitely	Yes	Yes	Yes	Yes	Yes for sure	Yes
How would you like to contribute for the growth of the college?	Through extension activities	Time to time suggestions on all educational issues		Na		This would be my pleasure to contribute to this great institution in any form. May be by motivating students to be a better teacher and explaining them what wonders a teacher can do to society.

How can the curriculum be improved for the future professional growth of the pupil teachers?		Make advanced technology a constant in courses offered.	Curriculum should consist of some more real life teaching	Curriculum should be designed in accordance with present and future needs keeping in mind	To make them develop in such a way that they are able to handle every kind of student in a good manner	NA	
Please give your suggestions for improvement of teaching learning process on the basis of your experiences		Ask them to take a topic for self-learning. Give them assignments that need a lot of research, reading and analytical skills. Conduct debates, seminars and talks for the students	Teacher should share their experience of teaching and how students should deal with students in classroom	I think we can improve on following points 1. Establishing a good relationship with University for better communication 2. More focus on ICT based teaching, usage of pen tablet, online teaching etc		NA	
Would you recommend your near and dear ones to join this institution for academics?	Yes	Yes	Yes definitely	Absolutely Yes, our college is among top most colleges in India when it comes to teacher education	Yes of course i will	Yes	Yes
How would you like to contribute for the growth of the college?		I will do whatever i can for the growth of the college	I'll guide the students how they can learn more more from the institution and help them if needed	By coming a great teacher and by giving feedback to them whenever they need me	If there's any kind of help i can contribute then I will certainly do it by any means	NA

How can the curriculum be improved for the future professional growth of the pupil teachers?		More IT skills should be included	Give the task of curriculum revision to school teachers actually teaching there and not the college/university/diet professors	Professional development and the setting of goals go hand in hand. The time to devote to courses and seminars may seem hard to schedule, but the extra time is worth it to become the best teacher you can be	Providing more Practical Knowledge	New teaching technology should be introduced	Improve teaching policies
Please give your suggestions for improvement of teaching learning process on the basis of your experiences		Design thinking and stem should be included	Prepare curriculum on the basis of ground realities. Simply imitating the foreign countries wont do. Don't try to make it idealistic, instead make it realistic	Ask them to take a topic for self-learning. Give them assignments that need a lot of research, reading and analytical skills. Conduct debates, seminars and talks for the students. Ask them to create a questionnaire from their syllabus. Encourage them to ask questions	Providing more Practical Knowledge		More focus on students input
Would you recommend your near and dear ones to join this institution for academics?	Yes definitely	Yes	Yes	It's depends on the circumstances of your home	yes	Yes	Yes
How would you like to contribute for the growth of the college?		Depends on time and requirements	Occasional contributions financial and academic	We should attend the meetings and seminars, donate supplies,	available as and when required	Community library	By attending the seminars

How can the curriculum be improved for the future professional growth of the pupil teachers?	Must be Focus on Practical			Providing experience to pupil teachers in participating in curriculum construction and making changes which are focused on information driven society as so important in today's world		Pragmatic approach		It should include practical things e.g. we study metrics system in schools, but outside in daily life, we use marla killa Marla, etc.
Please give your suggestions for improvement of teaching learning process on the basis of your experiences	Easy Lesson Plan			It should focus on providing direct experiences and constructive feedback		Experiential learning programs		More and more classroom experiences needed
Would you recommend your near and dear ones to join this institution for academics?	Yes			Yes, very much	Yes of course as it is one of the finest colleges	Yes	Yes	Yes
How would you like to contribute for the growth of the college?	Time to Time meeting			Anyway and anytime by lectures or pedagogical workshops etc. anyway and anytime		Human interaction
