M. Ed 4<sup>th</sup> SEMESTER (Session-2021-2022)

## LIFE LONG LEARNING

Lifelong learning is defined as “all learning activity undertaken throughout life, with the aim of improving knowledge, skills and competencies within a personal, civic, social and employment – related perspective”. It is a deliberate and self-initiated quest for knowledge. It is not only about acquiring information for academic or vocational development but focused on learning about non-vocational ideals. This is why we encourage everyone to learn throughout life.
