REPORT ON INTERNATIONAL MOTHER LANGUAGE DAY

19-02-2021

On the occasion of International Mother Language Day, the Cultural committee of the college organised an online programme on 19-02-2021 to mark the importance of the day in our life. The programme started with the address of Dr. A.K. Srivastava, worthy Principal of the college, addressed the students and faculty members and also highlighted the importance and relevance of Mother Language in our day to day life. He also motivated the students to use mother tongue in Teaching Learning process. After the address of the principal, Convenor Cultural Committee Dr. Balwinder Kaur also shared her views on the occasion and said that the theme of International Mother Language Day 2021 is 'Fostering multilingualism for inclusion in education and society'. She said 21 February was declared to be the International Mother Language Day by UNESCO in 1999 and it's a day that celebrates Cultural and Linguistic diversity. She further highlighted that UNESCO has identified over 7000 languages that are used (read, written and spoken) in different countries across the world; India has 22 official languages 1635 mother tongue and 235 identifiable mother tongues. The day aims at preserving and promoting mother tongue, the aim is also to preserve diverse culture and intellectual heritage. Dr. Balwinder Kaur also shared how the declaration came up in tribute to the Language Movement done by the Bangladeshis (then East Pakistan). She also shared pictures related to the language movement that took place in form of rally on 21st February 1952 at Dhaka University, Protest and Martyrs through powerpoint presentation. Finally, she showed a video related to the history of International Mother Language Day.

After that Prateeksha, student of B.Ed (Semester 1) also elaborated on the history and origin of International Mother Language day. The roots of the International Mother

Language Day can be traced back to a students' movement in Dhaka, Bangladesh which took place in 1952. On 21st February 1952, five students of Dhaka University namely Abul Barkat, Abdul Jabbar, Sofiur Rahman, Abdus Salam and Rafiq Uddin Ahmed were gunned down by police, during their protest march demanding inclusion of 'Bangla' as one of the two national languages. The IMLD is celebrated to commemorate their sacrifice. On 29th February 1956, Bengali was adopted as an official second language of erstwhile East Pakistan. From 1999 onwards, UNESCO – the United Nations Educational, Scientific and Cultural Organization, started observing International Mother Language Day on 21st February every year.

Another student Gauri Segan Bakshi of B.Ed (Semester 1) also shared her views about the importance of International Mother Language Day in the context of present scenario. In a country like India, where only 22 out of 750 languages are recognised by the Union as part of the 8th Schedule of the Constitution, there is a dire need for a lot more action to further the use of native languages in all aspects. More than four thousand languages are in danger of extinction in the next 40 year in the world. There are around 25% languages spoken around the world which less than 1000 people know to speak. It is important that with our celebration of International Mother Language Day more and more people will start using their native languages at home, in community, in meeting and in administration work. The programme ended with vote of thanks by Mr. Ravinder Kumar, member cultural committee. He thanked Principal Sir for giving opportunity to organise this event and worthy colleagues and students for their participation in the programme. The whole programme was coordinated by Dr. Aarti Bhatt.
