

Session 2021-2022

Utilisation of Physical Facilities –

- The maintenance and renovation of the college campus including two hostels i.e. Boys hostel and Girls Hostel is looked after by the Engineering department of the Chandigarh Administration, UT Chandigarh.
- There are physical facilities of solar power installed on the rooftop of the college and the rain harvesting system available in the college.
- The maintenance of the college is the direct control of the Chandigarh Administration, UT, Chandigarh.
- College is having a Nodal officer who make the necessary identifications for repairing and maintenance to share these with civil engineering department of Chandigarh administration.

Laboratory- Every laboratory in the college is the charge of senior faculty member to facilitate the learning of the students. There is one lab attendant available in each of the laboratory. The physical infrastructure is maintained through the Engineering department of the Chandigarh Administration, UT Chandigarh whereas the academic component is taken care of through non plan budget allocated by the Govt.

Library- The library is maintained by the librarian and other support staff who are provided all the help and support to update the resources through various grants. There are issue returns of the book and record keeping done by the library staff of the college. Library has recently implemented RFID (RadioFrequency Identification) solution for the ease of library users in issue-return, faster and accurate transactions and enhanced security of the library holdings. In addition to computerized Issue/Return of books to students, Barcodes, Spine labels, Catalogue cards and Library Membership card (SMART CARDS) are generated through Libsys software. Library also provides OPAC AND INTERNET SERVICES to staff and students. To approach e-books and ejournals library subscribes 'N-list programme of INFLIBNET' for college faculty and M.Ed. students. Users can have access to more than 6,300+ electronic journal and + electronic books from anywhere.

Sports complex- There is 3 mini-gymnasiums in the campus equipped with all the modern amenities. There are courts/ grounds for badminton, football, Volleyball, cricket and athletics which are maintained by the support staff available full time in the college. Any requirement is met out of regular grants and special grants provided by the govt from time to time.

Computers- the computer laboratory is under the control of a faculty to supervise all the computer resources in the college. There is full time lab attendant for troubleshooting and regular upkeep of computer resources in the college. The new and upgraded systems are procured from the grants of the govt. and all the maintenance is carried out of the office contingencies.

Classrooms- the classrooms are equipped with all the latest gadgets such as LCD projector, and smart boards to facilitate the training and teaching. The physical maintenance is carried out by the Engineering department of the Chandigarh Administration, UT Chandigarh. Most of the lessons are taught with the

use of multimedia software and films shown to students with projector in the classroom. College has 10 fully equipped class rooms with computer podium (CPU and VDU), Projectors and internet facility which facilitates 100 B.Ed. and 50 M.Ed students a better Teaching-learning environment. Interactive tools allow many different forms of media – including photos, illustrations, maps, graphs, and videos to be displayed which enables the students to visualize and understand the concepts easily.
