International Collaboration for “Capacity Building Training Program for Transformative Teaching”

Report: Online 30-Hour Capacity Building Training for Transformative Teaching

An online 30-hours “Capacity Building Training Program for Transformative Teaching” was successfully organized under the international collaboration of the International Chamber of Service Industry (ICSI), India, and SARS Technology Innovation, Dubai, aimed to equip prospective teachers with the necessary skills and knowledge for transformative teaching practices and the development of global competencies. The program was inaugurated on April 18, 2023, by Major Dr. Gulshan Sharma, Director of ICSI, India; Mr. Arpit Duggar, Director of SARS Technology Innovation, Dubai; and Dr. Sapna Nanda, Principal. The program was coordinated by Dr. Nisha Singh, Assistant Professor.

This international training program was conducted online from March 17, 2023, to May 4, 2023 and utilized digital platforms (Zoom meeting, Youtube) to deliver multiple sessions of three hours each that add upto more than 30hrs training. A total of 90 students from the first and second-year B.Ed. classes of ongoing session 2022-2023 participated in the program.

The primary goal of the program was to enhance the skills and knowledge of prospective teachers, equipping them to excel in their teaching careers and improve classroom effectiveness.

The program was meticulously designed with a focus on the key pillars of modern education namely Enquiry-Based Learning, Project-Based Learning, Health and Wellness-Based Learning, Online resources and AI-Based Learning. The program was conducted entirely online, with workshop-style sessions that allowed participants to engage in hands-on activities for practical learning.

The sessions were structured to cover a diverse range of topics including Digital Literacy, Pedagogy and Andragogy, Critical Thinking and Problem Solving, Creativity and Innovation in Teaching, Emotional Intelligence and Mindfulness, Fostering Curiosity and Lifelong Learning, Utilizing AI-Based Tools for Teaching Enhancement and Exploring Online Resources for Effective Teaching and Learning. Participants were actively engaged throughout the training program through discussions, hands-on experiences, quizzes, surveys,

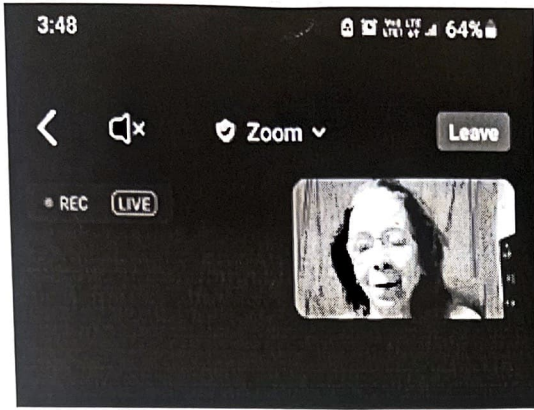

group activities, lesson plans, and regular assignments. These assignments allowed participants to apply the knowledge gained during the sessions and reflect on the outcomes. .

The training program also introduced participants to various new apps and technologies that could enhance their teaching skills and prepare them for global opportunities. Demonstrations and hands-on sessions familiarized participants with these apps, highlighting their potential for effective and engaging teaching.

The program achieved remarkable success, as evidenced by the participation and outcomes. A total of 90 dedicated students successfully completed the program and were awarded certificates of completion.

In conclusion, this online 30-hour capacity building training for transformative teaching, organized by international organization SARS Technology Innovations, Dubai and the ICSI, India proved to be a valuable and impactful initiative. The utilization of online platforms, introduction of new apps, and active engagement of participants contributed to the success of the program. It is anticipated that the training program will have a positive and long-lasting impact on the teaching practices of the participants, benefiting both their professional growth and the future learning experiences of their students.
