

# CYBER SWACHHTA MISSION

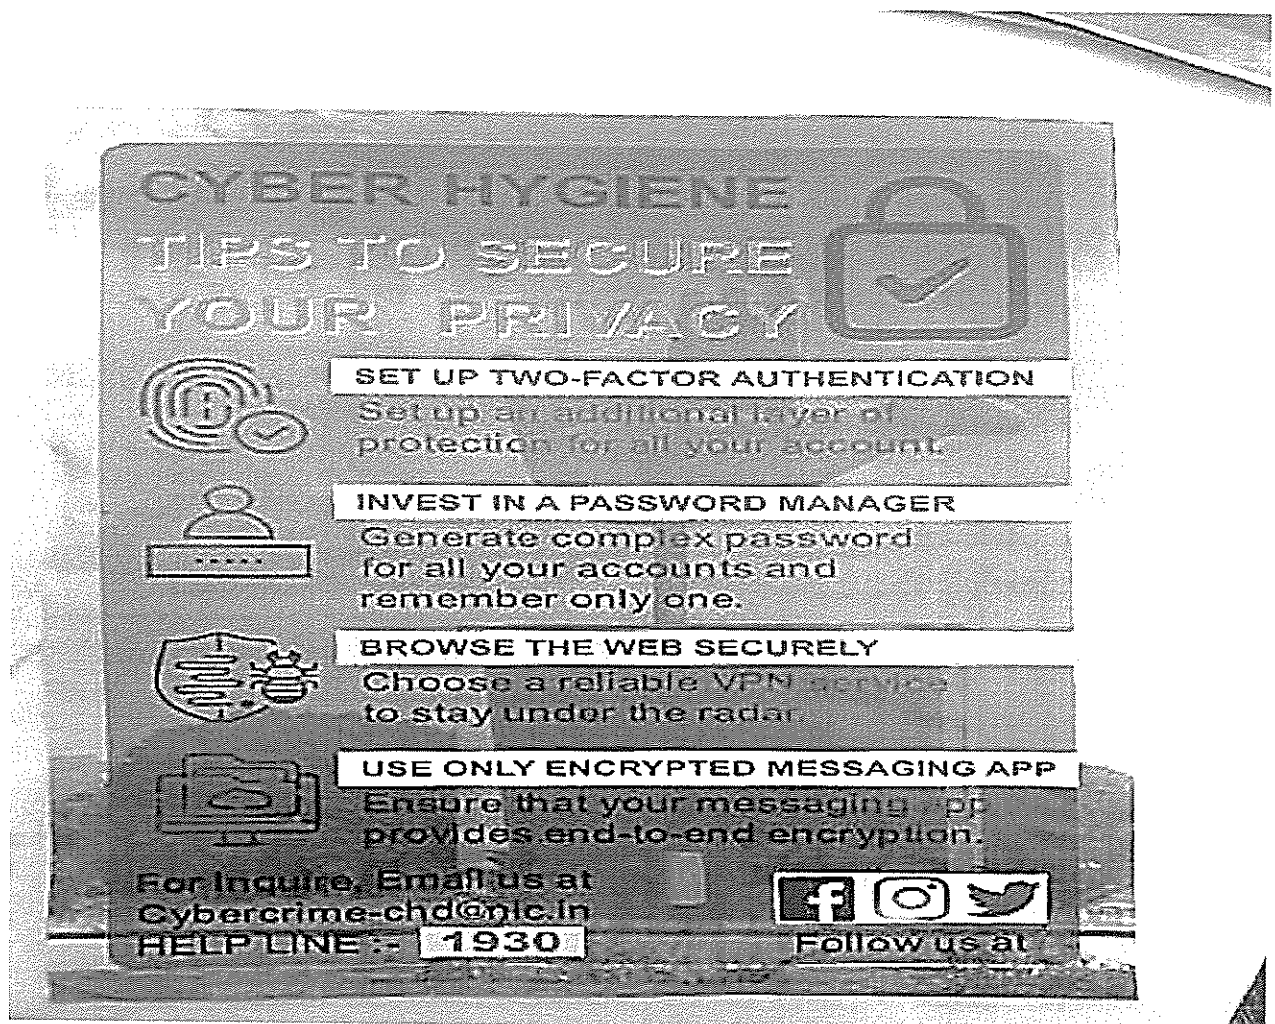

## VISION OF THE MISSION

- Outreach Initiative, under Digital India carried out in collaboration with academic institutions and CSR initiatives of Industry and financial institutions for the successful carrying out of the internship.
- The aim is to inculcate cyber hygiene among citizens with the help of Cyber Volunteers.
- The internship period is determined by the Chandigarh Police cyber crime branch which provides an opportunity to communicate with Police Administration and work together with society as a whole and further inflict a progressive change for secure cyberspace.
- Engagement of youth in positive thinking, creative use of cyberspace, nation-building, and national security.
- Promote cyber literacy, cyber hygiene, and cyber security awareness.
- Providing insights into varied dimensions of social media.
- Creating a Cyber ecosystem and positive and robust cyberspace.
- Collection of information/facts from open sources to produce actionable intelligence.
- Cyber Patrolling to detect & prevent cybercrime.
- Development of cyber solutions/applications.

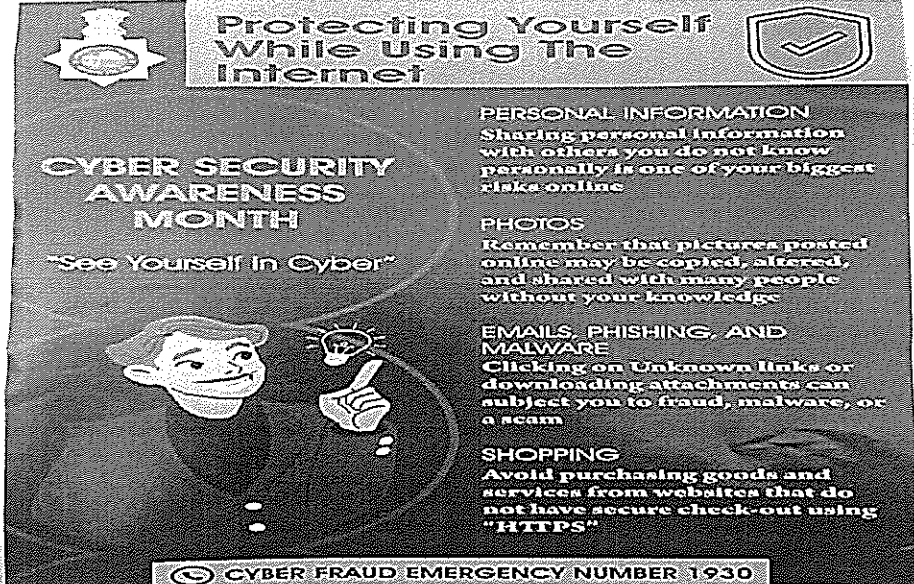

- Provide the youth involved in the internship as cyber interns with sufficient knowledge of cyber security and promote them to engage actively as cyber ambassadors
