

GOVERNMENT COLLEGE OF EDUCATION SECTOR 20-D, CHANDIGARH

WORLD WATER DAY

22nd March 2025

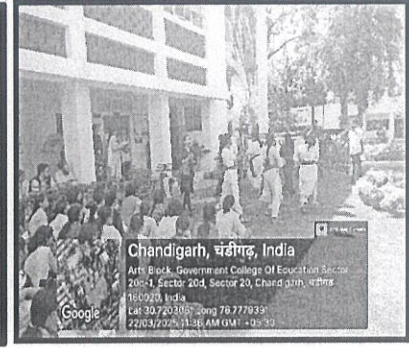

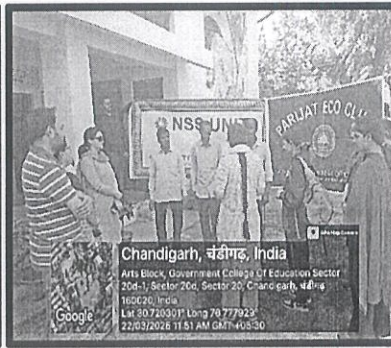

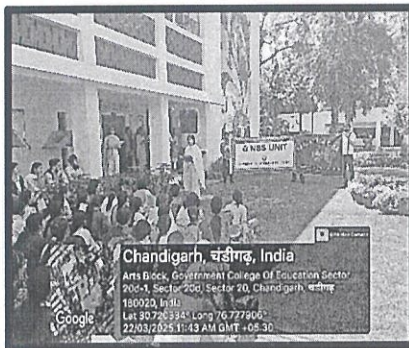

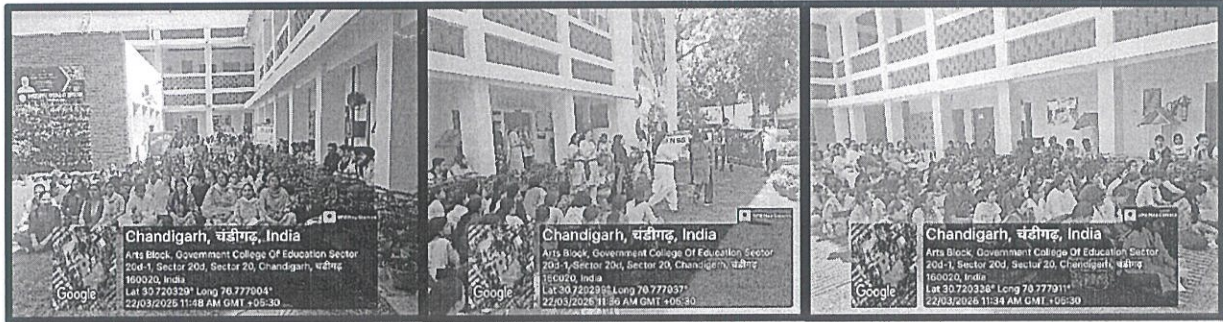

NSS Cell in collaboration with the Parijat Eco Club celebrated the World Water Day on March 22, 2025 at the Government College of Education, Sector 20-D, Chandigarh. The event aimed to raise awareness about the importance of water conservation and promote sustainable practices among students, faculty members and gardeners.

The program began with a warm welcome extended to all the attendees, including faculty members, 109 students, and non-teaching staff. Following the welcome, the M.Ed. students presented a compelling Nukkad Natak on the theme of water conservation. The performance effectively portrayed the consequences of water wastage and the looming threat of water scarcity. Through powerful dialogues and emotive acting, the students depicted how careless water usage affects communities and the environment. Their performance was both thought-provoking and emotionally stirring, leaving a lasting impact on the audience.

After the Nukkad Natak, Komal of B.Ed. 2nd year delivered an insightful speech on water conservation. The speaker emphasized the importance of preserving water resources and highlighted practical steps that individuals can take to minimize water wastage. She also shed light on the global water crisis and encouraged everyone to adopt responsible water usage habits in their daily lives. The event concluded with a heartfelt vote of thanks and National Anthem.

The World Water Day celebration successfully conveyed the urgency of water conservation through creative performances, leaving the attendees with a renewed sense of responsibility toward safeguarding this precious resource.
